

Find a Provider

If you have a Healthy Choices PPO Dental Plan each member may access our dental directories by following these steps:

1. Visit our website at www.healthychoicesbenefitplans.com
2. When Healthy Choices Benefit Plans home page appears, please find a menu toolbar and Click on "Find a Provider" and the provider page will show as follows:

Find A Provider

Healthy Choices Dental Plans uses the *Careington Maximum Care Network* as its primary dental network. The *Dentemax Network* is included in the *Careington Maximum Care Network*. Please visit the *Careington Maximum Care Network* at <http://www.careington.com/co/maxcare/> to view the most current provider listing.

Should you not find a provider in the *Careington Maximum Care Network*, you may wish to view the providers in our secondary network, *Stratose*. For a listing of these providers, please visit <http://providernow.coalitionamerica.com/>

Dental members have *choices* in dental provider networks. Members may access dental providers through the Careington Maximum Care Network which includes the Dentemax network or members may access dental providers through the Stratose network. It is your choice, so feel free to click on both network links for listings of dental providers in your area.
